

Laurel Lemarié

Candidate for Board of Directors of Rancho Santa Fe Association

I grew up in Michigan and Oklahoma. I received a BS in Mathematics from Tulane University, finishing early to marry Kent Lemarié, MD. The Navy brought us to San Diego. I programmed computers for Naval Electronics Lab, then earned an MS in Computer Science from UCSD. We moved here in 1976 for the Protective Covenant, dedicated trails, home horse-keeping and excellent school - the perfect environment to raise a family.

As part of a multi-generational Ranch family, I am keenly aware of the benefits that The Covenant offers young families. Daughters Michelle and Leslie were born here and are “Ranch School Lifers” (Kinder-8th grade). Michelle met her husband, Sean Crowley, also a “Lifer,” at the Village Church Nursery School; they bought here after college. Our granddaughter, Cara, attends the Rowe School.

For fun, I enjoy horseback riding our trails, serving the community, doing genealogy research and playing Mahjongg.

Why I'm running

We must continue to work on road safety and regional planning, communicating with County and neighboring cities on projects that effect The Covenant, such as zoning density changes that will allow clustered housing on our borders. As director of SDPG and RSF CSD, I have front row seat to new laws that have an effect on our community, such as SB9 and SB10.

I want to represent everyone - families with children; people with busy careers; the retired; those who keep horses at home; those who ride and walk on our trails and roads; those who play golf or tennis - all need a voice. I shall provide a historical perspective to help avoid past mistakes. I shall work collaboratively to ensure that members are treated fairly and transparently. I want to serve you. I have a watchful eye on the future of the Covenant and want to make this a better place for families with safer roads; more sidewalks in the Village; reduced wildfire risk; under-ground more utilities; expand the trail system; reclaimed water for golf course; calm the traffic. I shall work to preserve our Rural Community Character, Covenant Culture and Property Values for generations to come, ie, the reasons I moved here.
