

SCOTT THURMAN

RANCHO SANTA FE BOARD OF DIRECTORS

BACKGROUND

My wife, Kathleen, and I moved to Rancho Santa Fe in 1996 where we raised our three children – at that time all under 4! The children attended pre-school at the Village Church, Kindergarten at R. Roger Rowe, and all played Junior Dunkers, RSF Little League, and Attack Soccer. They took tennis lessons from Dophie and were in golf camp with Terry and Scott. Like most of you, our lives revolved around our children. I coached each of them in every sport and served on the RSF Little League Board and the RSF Attack Soccer Board. Busy, but great times. Once the children were off leading their own lives, I volunteered at the RSF Golf Club serving as a committee member on the Men's Activity Committee and then on the Greens Committee.

WHY I AM RUNNING FOR THE BOARD

My wife and I have been running two companies in the print and packaging industry since 1998. We have a great team in place and feel that I now have the available time needed to volunteer for a position as important as serving on the RSF Association Board. I have no Pet Project that drives me to be on the Board. I have a singular focus – Enhance our Community. I look at this as being a two-pronged approach:

- **The Infrastructure of the Community** (a few thoughts)
 - o Village Revitalization
 - o Enhancement and improvement of existing facilities
 - o Increasing field space for athletics
- **The Heart and Soul of Community** (items to increase sense of community)
 - o Increase community awareness and ultimately involvement with
 - i. Rancho Days
 - ii. Fourth of July Parade
 - iii. Roger Rowe Halloween Fair and Parade
 - iv. Concerts in the Village
 - v. New events that the community would rally around

In my companies we work together with our staff, clients, and outside suppliers in a cooperative, professional manner. We all know the big picture and work towards that without micromanaging or getting off point. The Association should be run like a business with the big picture being what is best for our shared asset – the Community! If this resonates with you, if you want to move the Association in a positive direction that will benefit all of our members, then I would be grateful for your support. Please feel free to email me with your comments and suggestions. I look forward to hearing from you.
