For RSF Association Board

Janet and I moved to the Covenant 22 years ago when we started raising a family. In 2011, I joined the first of two Internet committees which culminated in 2018 when I helped build a world class Internet network for Association members. I've worked tirelessly for the past three years as the RSF Post editor providing much needed Association information and transparency. In my editor role, I have advocated on behalf of members when things needed to get done or fixed and have also developed a deep understanding of how the various parts of the Association should work together.

Abbreviated Biography

1987: Graduated Bachelor Computer Science from the University of Waterloo (Canada)
1994: Founded/ran Websense, a software/Internet company that went public on Nasdaq in 2000.
2000: Moved to Rancho Santa Fe
2001-current: **Raised three children**
2001-current: Served on various corporate boards
2011: Joined the first Association Internet committee

My Board of Director Goals

- **Enhance existing Association recreation clubs, amenities and services.**
- Pursue new Association amenities (e.g. dog park).
- Ensure maximum Association transparency.
- **Communicate effectively to eliminate surprises for members.**
- Champion things that matter to members.

Why Vote For Me?

- I understand how various Association parts should work together (Board, Art Jury, committees and staff).
- I will work on your behalf to further community interests (e.g. repealing the Hardie Board ban).
- I am a proven and experienced businessman/entrepreneur that knows how to work collaboratively.
- I believe in openness, transparency, and accessibility and will work to improve this.
- With my experience running horse stables, I can help **put Osuna on a sustainable footing.**
- Long time **golf club member, pickleball member, equestrian** and have experience working with the **Art Jury.**
